

U-Tray™ instruction

- How to adjust the length

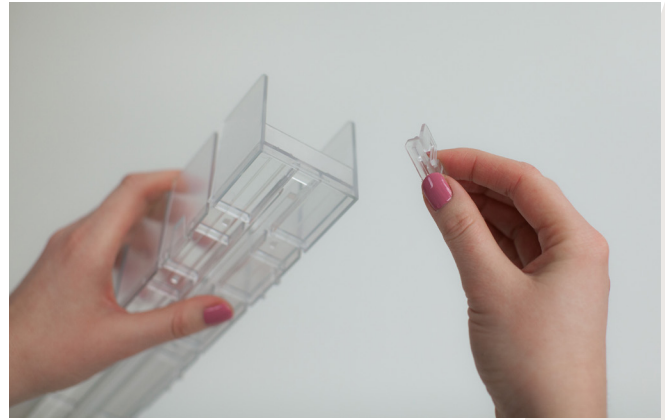

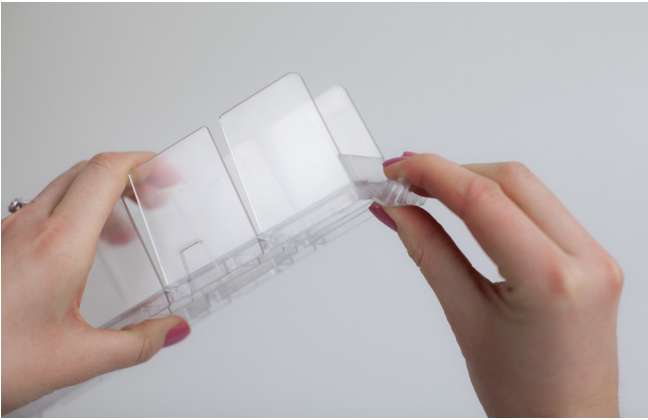

U-Tray - How to adjust the length of the pusher tray

AVAILABLE EXTERNAL LENGTH OF YOUR TRAY:

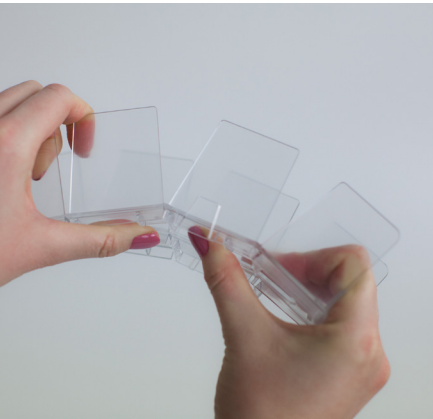

U-Tray - How to adjust the length of the pusher tray

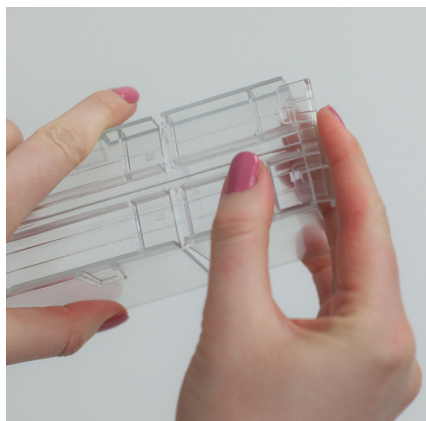

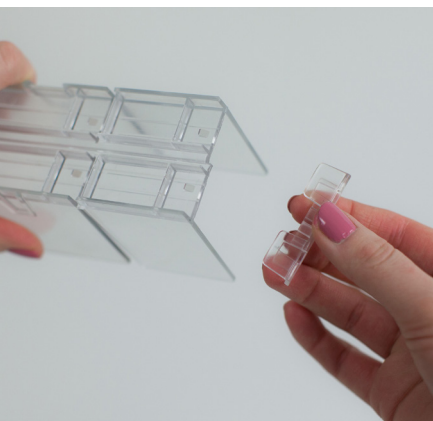

PLEASE FOLLOW THE INSTRUCTIONS BELOW:

1. Remove the clip at the rear of the tray by bending it a few times. This clip will be used in step 3.

2. At desired breaking point, bend the tray back and forth until it breaks.

3. Attach the clip (from step 1) to the rear of the U-tray.

4. Press until you hear a click. Make sure the clip is attached correctly to the tray.

5. Done!
